

Now that we can make a full announcement!

The Upper Similkameen Covid-19 Resilience Infrastructure Stream (CVRIS) funding application was approved for 1.5 million dollars to restore the Chuchuwayha Hall. The approval is provided from the ICIP-CVRIS Program by the Government of Canada and the Province of British Columbia.

Chief & Council would like to give a special thank you to Sandra our Executive Liaison for her dedication to this project and multiple applications submitted to bring the Chuchuwayha Hall back to life. We would also like to thank Gord Macdonald and Ben Gourley with HeritageWorks for their help and dedication to this project alongside Sandra. We would also like to thank the Government of Canada and the Province of British Columbia for the funding to provide our community with the opportunity to have a gathering space once again.

To our community members: We are excited to have you all be a part of the process and we cannot wait to hear your ideas on how we can all use the Hall once restored.

USIB Chief & Council
